@madjin has been [leading a discussion](#) around incentives and how we can create a sustainable community for co-development. On Friday 5/14/2021 at 12:00 PM PDT we'd like to hold an open forum to go over people's ideas about how we can create a health sustainable community.

We'll be meeting in this FrameVR room <https://framevr.io/angellxr>

Hope to see you there, but if you can't make it, we'll be recapping the discussion in our next weekly meeting on Wednesday,
