MSF Delegate Sync -

Wednesday 31st August 2022. (1500hrs UTC)

the following is a summary of items discussed at this MSF (Metaverse Standards Forum) delegates sync call.
this is happening after the [Metaverse Standards Forum: Oversight \(EMEA\) #6](#) call.

discussed seeking clarity on the purpose of the delegates.
being the connective tissue between OMI and MSF.
need to be aware of subjective opinion and objective relaying of pertinent information.
feedback directionality/frequency - delegate from MSF to OMI occasionally vice versa.
part of the how was expressed as the need to have accommodating asynchronicity.

we set the kanban as public.

steps to getting MSF info via calendar:

1. create OMI_username
 2. join groups (which ones? who's joined which - we'll need to discuss)
 3. subscribe to calendars.
 4. for delegates: attend calls, take notes, discuss, relay to community e.t.c
- draft the [agenda for next week](#) ^[1]
