Vavist and indiebio discuss VRConf:
<https://discord.com/channels/887789163045335081/1316333057242038324>

It will be a joint effort between the Russian group: Звезды Мета вселенной - Zvezdi Metavselelnnoi - "The Stars of the Metaverse" and OMI.

Important points:

- The conference can become international and unite enthusiasts from different countries to promote the idea of the Metaverse.

- The conference can become multi-platform and be held on different metaverse platforms.
