Blog series idea: "Half-forgotten projects" - showcase things members tried, what they tried, what code is still available, what people would do if they got back to it.

- e.g. mrmetaverse's Masters' thesis that some plugin broke so then tried to recreate it in A-frame - <https://xrshowcase.xyz/>

Consider merging with OMF to have a funding parent. - what would that look like, ideally for us? funding, open collective issues. <https://fossfunding.com/>
