Weekly Meeting 131 is happening on Wednesday, 1 November, 2023 from 9:00 AM PDT (16:00 UTC) - 10:00 AM PDT (17:00 UTC)

** This is a holiday in many countries, so if there's poor attendance this all moves to next week.

You can add it to your calendar [here](#).

We'll be meeting again in the omi-weekly-meeting channel of the [AngellXR/OMI Discord](#).
We regularly use the # omi-meeting-chat channel for text chat.

Who we are and why we're here:

The Open Metaverse Interoperability Group (OMI) is focused on bridging virtual worlds by designing and promoting protocols for identity, social graphs, inventory, and more. Our members include businesses and individuals working towards this common goal.

If you're an observer or here for the first time, this is a meeting where people who work on the OMI group initiatives discuss updates and contribution opportunities for current projects and goals. This is your chance to jump in and help!

We welcome you to introduce yourself in the 🗨 omi-weekly-meeting chat as we dive into the agenda items. There will be an open floor in the last 15 minutes of the meeting (agenda permitting) where we can discuss any items you feel are relevant to the current or near future OMI goals.

Agenda:

1. Is this meeting time still good? Some people have time clashes, can we revisit the meeting times:
<https://www.when2meet.com/?22173204-dBuvH>
(the survey is for a specific week because I think that's the only way to change time zones, but this is for the weekly meeting)
2. What do *you* want from OMI? How can we as a community change how we do things or improve to serve your needs?
Last week we introduced ourselves again - [🗨 2023-10-25 Weekly Meeting 130 Notes/Agenda #423 \(reply in thread\)](#)
3. Electing chairs.

Working group check ins:

5. Virtual worlds museum crowdfunder now live: <https://www.indiegogo.com/projects/virtual-worlds-museum-webxr-exhibit/x/1781915#/>

How to leverage this?

6. Media team still needs access to social platforms?
7. glTF team
8. jin: debugging omi-archive atm

Other

9. Gary sharing Metaverse Forum slides on Interoperability.
10. metaverse conference? - jin

Past issues

Weekly game night progress? Still to do - look at what is out there already and join up with that. Make an itinerary. e.g. look at <https://devpost.com/hackathons>

Share the student note thing, why is this important.
