Weekly Meeting 198 is happening on Wednesday, 12 February 2025 from 9:00 AM PDT (17:00 UTC) - 10:00 AM PDT (18:00 UTC)

You can add it to your calendar [here](#).

We'll be meeting in the omi-weekly-meeting channel of the [OMI Discord](#).

We regularly use the # omi-meeting-chat channel for text chat.

Agenda

check in, shootin' the breeze (add agenda points or notes as comments).

Demo's

working group updates: glTF, MSF, media, Virtual Worlds Museum, composable metaverse, experiments, brand strategy

add fun finds in the comments

Specific matters:

Hubs instance? - moving forward, price of hosting, indiebio willing to cover this (with implications of ownership/ "dictatorship")

metaverse wiki - find what is out there and collaborate.

omi chair elections to bundle with the OMI think tank / community brainstorming meeting has been proposed. Suggested time Fridays (available for these sorts of things every Friday) at, I think 19:00 UTC

<https://discord.gg/V5Vx8vHB?event=1337559029873901639>

admin headaches:

Open collective, payment methods, - we're working on it, managed to restore email access and working through restoring payment. Should we consider alternatives?

Brand strategy: reworded to say " we are toying with three areas to focus on in the first half of 2025:" to keep it more open-ended. Having good conversations on bsky. Created github to keep track.

3D asset interoperability - [#517](#)

Protocol interoperability - [#518](#)

Social interoperability - [#516](#)

what should we focus on next?

A bloggish draft after last week's conversation: <https://pad.degrowth.net/s/Y8RagLMBY>

Also update the [Awesomeness Directory](#) and [Wider Initiatives](#)

Find the metaverse wiki initiative, collaborate.

This week on Discord:

Diverse conversation revisiting "what is the metaverse" on Discord -

<https://discord.com/channels/887789163045335081/887789163045335086/1337311244901941279>

and a wider conversation about how to agree on how to build the thing that we can't even agree on a definition on:

<https://discord.com/channels/887789163045335081/887789163045335086/1338896656044785685>

which also led to side-quests about note-taking apps:

[Tiago Forte: Pick a Notes App: Your Notetaking Style \(Part 1\)](#)<https://discord.com/channels/887789163045335081/887789163045335086/1337380893785853953>
