Weekly Meeting 230 is happening on Wednesday, 17 September 2025 from 9:00 AM PDT (17:00 UTC) - 10:00 AM PDT (18:00 UTC)

You can add it to your calendar [here](#).

We'll be meeting in the omi-weekly-meeting channel of the [OMI Discord](#).

We regularly use the # omi-meeting-chat channel for text chat.

Agenda

check in, shootin' the breeze (add agenda points or notes as comments).

Demo's

working group updates: glTF, meta-org (incl Khronos, MSF...), media/curators, Virtual Worlds Museum, composable metaverse, experiments, add fun finds in the comments

Specific matters to discuss

newsletter Sept 26, any specific content?

curator strategy ideas. current thoughts: "online-first"

Biosphere Metaverse thoughts on [google doc](#)

- Move this meeting time:

The Khronos 3D formats working group weekly meetings overlap with the OMI general weekly meetings (Wednesdays at that same time slot). - now that aaron is a member too, we need to move this meeting to allow aaron to be able to report back on Khronos stuff. And we don't want to not see aaron every week :)

Suggestion: Swap the curators and community meetings - Tuesday and Wednesday same time.

Aaron has been mentioned in previous meetings, so he enters on a high :)

We hope to push Khronos and elevate metaverse development, together.
