Hi everyone! Me again 😄

Created [#72](#) Draft Vision and Mission Statments for getting to the core of why we are here.

Today an important question was asked during our weekly meeting. *What is our Vision?*

We often talk about it, but we could benefit from writing it down together. [#72](#)

I propose that we take 10-15 min during our next meeting to look at these drafts, and have a discussion about these. I then propose we add our draft vision and mission to our readme, as I believe that will help instill an enhanced sense of pride and accountability for ourselves, clarity for the public, and foundational structure some members need to do their best work.
