10/19/22 Weekly Meeting 78 Agenda #304

antpb started this conversation in [Weekly Meetings](#)

**antpb** on Oct 12, 2022

Maintainer

Weekly Meeting 78 is happening on Wednesday October 19, 2022 from 9:00 AM PST(16:00 UTC) - 10:00 AM PST (17:00 UTC)

You can add it to your calendar [here](#).

We'll be meeting again in the omi-weekly-meeting channel of the [AngellXR/OMI Discord](#).

We regularly use the # omi-meeting-chat channel for text chat.

Who we are and why we're here:

The Open Metaverse Interoperability Group (OMI) is focused on bridging virtual worlds by designing and promoting protocols for identity, social graphs, inventory, and more. Our members include businesses and individuals working towards this common goal.

If you're an observer or here for the first time, this is a meeting where people who work on the OMI group initiatives discuss updates and contribution opportunities for current projects and goals. This is your chance to jump in and help!

We welcome you to introduce yourself in #omi-meeting-chat as we dive into the agenda items. There will be an open floor in the last 15 minutes of the meeting (agenda permitting) where we can discuss any items you feel are relevant to the current or near future OMI goals.

Agenda

- Volunteer to take notes? Volunteer to record?
- Welcome newcomers

Working Group Updates:

- [Scripting group](#)
 - OMI developer hour*
- [glTF Extensions Group](#)
 - Progress on OMI_ref and authoring extensions
- [Media Group](#)
- [OMI Website update](#)

- [MSF delegates](#) (setting up the repo)
- [M3 avatar interop](#)
- [UX Research](#)
- any others?

Discussions:

- TBD!

Future demo themes: (Vote now in the [#omi-vote](#) Discord channel!)

- [OMI-audio-emitter](#) exploration and demo
- [OMI-collider](#) exploration and demo
- [Generative and AI tooling](#)
- Any other suggestions?

#12 What are your ideas for problems worth solving?

5 comments

metaverse opened on October 18, 2022

Luma Yesterday at 12:52 PM
oh shoot I didn't see this, we usually try and change

Shadow Yesterday at 12:52 PM
Wow! Missed all this

Luma Yesterday at 12:52 PM
@evo would you mind copying the relevant point

so people not in discord can also read your thoughts

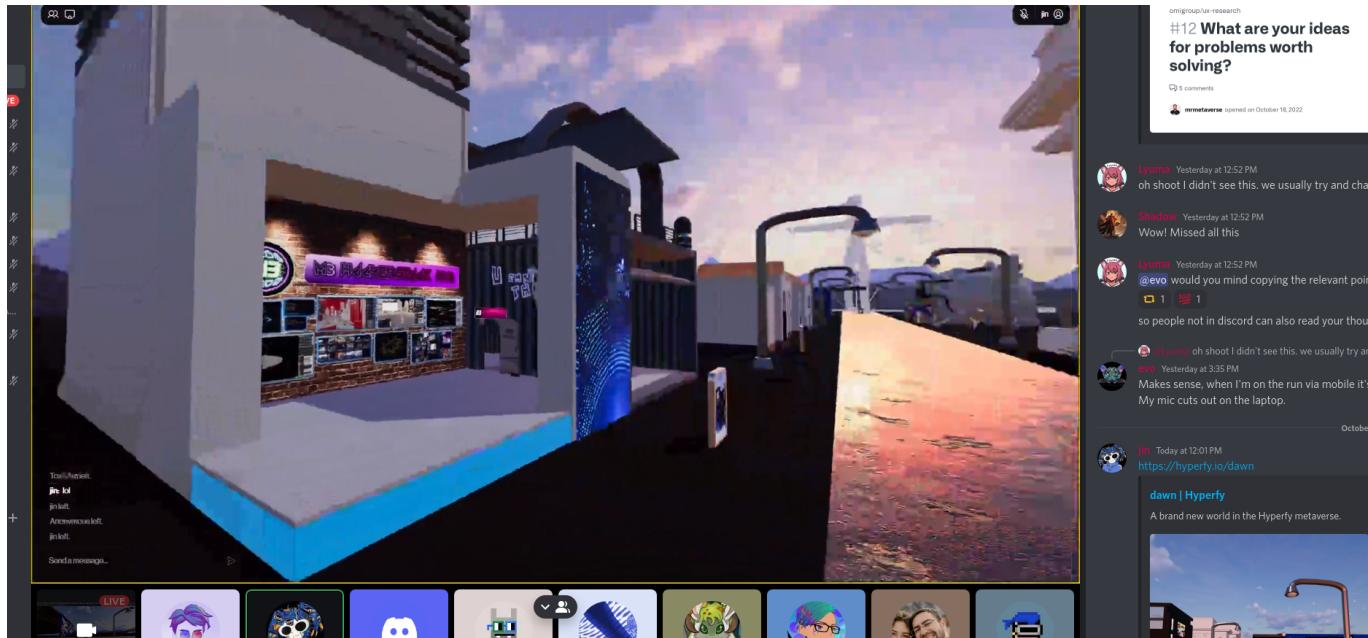

llyuma oh shoot I didn't see this, we usually try and change

evo Yesterday at 3:35 PM
Makes sense, when I'm on the run via mobile it's My mic cuts out on the laptop.

jin Today at 12:01 PM

dawn | Hyperf
A brand new world in the Hyperf metaverse.

"Our brains work spatially"

New Event space for Avatar interop

You can portal to other worlds:

and always portal back (or hit backspace)

Q: Engine?

all in-browser, using react-three-fiber

Q: Avatars?

We use VRM!

Q: Have a location on the street in mind?

Yes, currently thinking next to Metafactory.

Q: Can we export the street and into other platforms like V-Sekai or ThirdRoom?

Yes, this is all one GLB! And we are encouraging other collaborations, like implementing the new Open Brush API

UX-Research

- The group kicked off yesterday!
 - Read about the [meeting notes here](#)
- Next meeting is November 1, 2022 at 16:00UTC
- How you can help👉 [What are your ideas for problems worth solving?](#)

Some key considerations:

- how do we make the metaverse accessible to people who may be overlooked, or may not be tech-savvy?
- How do we approach this sustainably? Can we encourage builders/platforms to bring their problem statements worth solving for to collaborate?

MSF-Delegates

- some of the MSF domain groups have kicked off and meetings have begun
 - Wearables was this week
 - "Real virtual world integration" domain group has their second meeting tomorrow!
- Next Oversight meeting is coming up (date TBD), and its not sure yet if there will be votes or not.

How is the experience of being a delegate? Can we replicate this in other communities?

XRGuild ran a hybrid event in both hubs and zoom. Maybe we can imagine more generalized versions of delegates concepts, where available representation from our community attend (and maybe stream from) these other groups.

Open Metaverse Conference

- How can we help ensure/influence the conference to have a strong virtual offering?
- Do we want to create a working group (Events) or create delegates to represent OMI at the conference?
- We want to ensure more people can get involved and make an impact. (OMI consists of more than chairs, and those who can make it in-person)

Sindhu called out that we could improve our project management processes. They have volunteered to coordinate any meetings we need to discuss further. (Thank you! 🙏)

What is the meeting for?

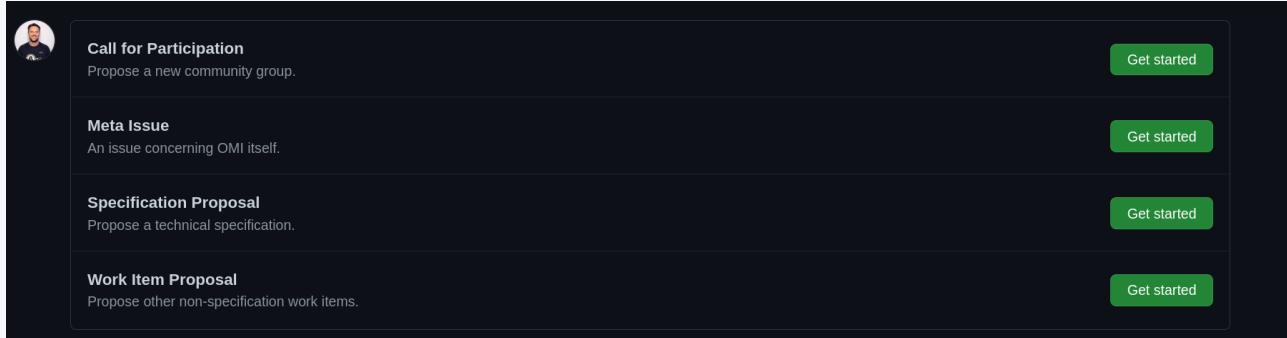

Defining how we want to participate at some level of consensus.

Who needs to be there?

All members of the community who want to participate in this discussion, and potentially get involved directly with OMI's role in the conference.

Outcome:

A formal proposal for the group to review and discuss regarding the Open Metaverse conference. Use one of the standard templates:

Out of scope:

Do we form a group of delegates or propose a Events working group? (this is separate)

Funksoup called out that maybe a delegate structure could work well for this too like we did with MSF.

Maybe delegates/representatives who can explore potential partnerships/synergy, bring those back to the community as suggestions, and then the community can get involved as a whole. So instead of a working group, there would be designated members. We want to make sure the specific decision-makers will have the time.

(I think we lack both resources and processes.)

mrmetaverse on Oct 19, 2022 Maintainer

Mal suggested considering ways to plug our broader community into speaking opportunities based on their interest/expertise.

OMI as an organization could partake in this or future events, and possibly even have a booth at these events. Other times we may want to send specific experts to represent OMI.

mrmetaverse on Oct 19, 2022 Maintainer

Tim mentioned: this is one conference of potentially many, so what can we learn from

this?

Funksoup called out: The issue is a beautiful problem. The issue is we are doing a lot, and that's a good problem to have!

There is so much going on in this community, that some things are stretched a little thin. We can refine our processes as we go.

GREAT POINT

You don't have to be an elected leader to suggest OMI opportunities and direction
