antpb on Mar 9, 2022   (Maintainer)   edited by mrmetaverse ▾

Weekly Meeting 46 is happening on Wednesday March 9nd, 2022 from 9:00 AM PDT - 10:00 AM PDT (17:00 UTC)

You can add it to your calendar here.

We'll be meeting again in the omi-weekly-meeting channel of the AngellXR/OMI Discord.

Who we are and why we're here:

The Open Metaverse Interoperability Group (OMI) is focused on bridging virtual worlds by designing and promoting protocols for identity, social graphs, inventory, and more. Our members include businesses and individuals working towards this common goal.

If you're an observer or here for the first time, this is a meeting where people who work on the OMI group initiatives discuss updates and contribution opportunities for current projects and goals. This is your chance to jump in and help!

We welcome you to introduce yourself in #omi-meeting-chat as we dive into the agenda items. There will be an open floor in the last 15 minutes of the meeting (agenda permitting) where we can discuss any items you feel are relevant to the current or near future OMI goals.

Agenda

- Volunteer to take notes? Volunteer to record?
- Welcome newcomers

Announcements and Updates

- We had a retro! We will have another in a few weeks. Here are some key takeaways:
  - We are on day 30 of 90 toward project leadership discussion and need to spend the next 30 days working through the milestone: Future Structure of OMI
  - We need more maintainers (see future structure of OMI)
  - "Its initially hard to tell which groups do what, and how I can get involved. I have to guess based on the title of some of the working groups. Like Metatraversal sounds like something I would like but I can't tell what it is." Evo will update the documentation for groups missing readmes like

metatraversal and interoperator. Groups should ensure your discord and github channels clearly state how to get involved. Let's make it easier to get more contributors!

- Ant has some bandwidth to help shake things up at OMI, give live demos, spread the word, etc.
- lukecarbis called out that our calendar was only subscribable in google calendar format, and submitted a PR to add other calendar formats. Supporters can now follow the OMI event calendar in other formats like ical.

Working Group Updates:

- OMI Website update
- OMI-Chan group
- Scripting group
- gLTF group
- any others?

Housekeeping:
Any?

- ⊘ **Proposed minimum requirements for a working group to operate** #176

Open Floor!

Please leave any additional agenda items below in the comments. Thanks!

Last weeks retro summary

- We had a retro! We will have another in a few weeks. Here are some key takeaways:
  - We are on day 30 of 90 toward project leadership discussion and need to spend the next 30 days working through the milestone: Future Structure of OMI
  - We need more maintainers (see future structure of OMI)
  - "Its initially hard to tell which groups do what, and how I can get involved. I have to guess based on the title of some of the working groups. Like Metatraversal sounds like something I would like but I can't tell what it is." Evo will update the documentation for groups missing readmes like metatraversal and interoperator. Groups should ensure your discord and github channels clearly state how to get involved. Let's make it easier to get more contributors!
  - Ant has some bandwidth to help shake things up at OMI, give live demos, spread the word, etc.
  - lukecarbis called out that our calendar was only subscribable in google calendar format, and submitted a PR to add other calendar formats. Supporters can now follow the OMI event calendar in other formats like ical.

We will have another retro in a few weeks and try an alternative time to accommodate more OMI contributors. If you would like to have a retro for your working group, and want help, please reach out to me **@mrmetaverse**

I suggest we explore and ultimately vote on minumum requirements for setting up a working group. #176 tracks this discussion.

The open metaverse movement is spread across diff servers, working on some meta-coordination ideas w/ avatar group
Avatar interop group isn't a formal OMI working group atm, but does aim to give feedback to OMI-scripting and gltf-extensions groups

Yesterday started an open metaverse community gcal, curating events that are spread across different communities
Dabbling with quickly adding new events via sesh.fyi from the M3 discord

Workshop Planning

First workshop (March 16th, 2 hour meeting, 8:30 PST - 9:30 PST):

Goals:

- Revamp leadership structure and community engagement
- Define Key Roles, Entities, and Relationships
    - Defining what these roles and entities are
    - Org Chart

Week break for proposals / discussion (March 23rd)

Follow up workshop (March 30th)

- Organizational development
    - Applying results of first workshop to our org
    - Engagement strategy, making sure roles match the goals of the org

Please use the Milestone Future structure of OMI for this.

mrmetaverse on Mar 9, 2022   Maintainer

Added to milestone!
