Weekly Meeting 45 is happening on Wednesday March 2nd, 2022 from 9:00 AM PDT - 10:00 AM PDT (17:00 UTC)

You can add it to your calendar here.

We'll be meeting again in the omi-weekly-meeting channel of the AngellXR/OMI Discord.

Who we are and why we're here:

The Open Metaverse Interoperability Group (OMI) is focused on bridging virtual worlds by designing and promoting protocols for identity, social graphs, inventory, and more. Our members include businesses and individuals working towards this common goal.

If you're an observer or here for the first time, this is a meeting where people who work on the OMI group initiatives discuss updates and contribution opportunities for current projects and goals. This is your chance to jump in and help!

We welcome you to introduce yourself in #omi-meeting-chat as we dive into the agenda items. There will be an open floor in the last 15 minutes of the meeting (agenda permitting) where we can discuss any items you feel are relevant to the current or near future OMI goals.

- Feedback is the life-blood of iteration. I will be hosting another OMI retrospective session. The goal is to share what has been working, what could work better, and create actionable recommendations for moving forward. If successful, we can consider doing this regularly 📅 add to your calendar
- If we have enough extra time, we can run another Lean Coffee style discussion.

happy to put a OMI portal/space in the Cryptovoxels property we have at Angell. Also happy to reformat this CV spaces space (which are free) and portal to it from our CV property on Scarcity Island.

btw this ticket was moved to the website group last week, so referencing it takes the format of `omigroup/website#51` rather than `#51`

ex. omigroup/website#51 ✅

ex. #51 ❌

Reminder that website list of OMI Spaces should have a line saying who to contact to add an entry.

Also, seeing the OMI Twitter Community now created, maybe that should be added to the website.
